Jimmychoo Below At 9 Months Of Age

Jimmychoo Below At 16 Months Of Age

Achievements: I researched for sometime on frenchies I liked I wanted to import a nice brindle male of type to bring into my program.I knew which lines I admired and what to look for in an ethical breeder I started communication with Doran Show Bulldogs in Belgium and explained what I was looking for.I provided documentation and history behind my dogs and she told me about her current litter.Three brindle males were available and I reserved Jimmy Choo.

His achievement as of this date was his long journey he took by himself to arrive in America...

We're Looking Forward To His Future In The Show ring!
